Suit Is Filed After Negotiations For Land Deadlocked

Court Is Asked To Decide Value Of Property At Squaw

The State of California, through the Olympic Games Commission and the attorney general's office Thursday took the first concrete step toward assuring the 1960 Winter Olympic Games of necessary land.

Marcus Vanderlaan, deputy attorney general, filed a suit seeking to condemn nine parcels of land approximately a total of 73 acres in the Placer County Superior Court at Auburn.

Defendants in the suits were named as Wayne E. and Gladys K. Poulsen, the Squaw Valley Land & Livestock Co. (largely owned by the Poulsens), Squaw Valley Inn Corporation, the County of Placer and numerous John Does.

The County of Placer was named on all nine counts principally for the purpose of determining tax liens and assessments which may exist.

Immediate Use Asked

Surprisingly immediate posession was asked of only the first parcel of land which is to be used for a drainage reservoir and is owned by the Squaw Valley Land & Livestock Co.

The suit asserted that the property was to be turned over to the California Division of Beaches and Parks after the Olympic games.

The superior court, with whom the suit was filed, was also asked to ascertain and assess the value of the land involved, any damage which will occur through the staging of the games, and how much the land in the area, which is not sought to be condemned, will be benefited by improvements to be made.

Other Parcels

The other parcels sought, but for which no possession deadline was named, are:

No. 2—Land to be used for a sewage plant, owned by Wayne K. and Gladys Poulsen.

No. 3—For use as a pumping station, owned by the Poulsens.

No. 4—For the ski jump, food pavilion and parking, owned by the Squaw Valley Land and Livestock Corporation, Placer County Title Company and the Poulsens.

No. 5—For buildings for housing employes, owned by Squaw Valley Land and Livestock Corporation.

No. 6—Easement for sewer lines, owned by all three defendants.

Nos. 7, 8 and 9—Land for roads, all owned by the Poulsens.

Squaw Valley Is Robbed Of Name

Shakespeare once said, "That which we call a rose by any other name would smell just as sweet." But this same theory does not apply to Squaw Valley and despite the ruling by the federal board of geographic names, an independent government agency that the site for the 1960 winter Olympic games has no right to call itself Squaw Valley, it is very likely that Squaw Valley will remain Squaw Valley for all practical purposes, at least.

The board announced that the only place in America officially entitled to call itself Squaw Valley is a little foothill community in Fresno County.

Confronted with this fact, Alan Bartholemy, executive director of the Olympic Organizing Committee, declared:

"What was good enough for the Indians is good enough for us and the world's skiers," thus settling the matter as far as his organization is concerned so it is expected that despite the federal decision Squaw Valley will remain Squaw Valley.

The ruling on the name came after three years of pressure by the residents of the Fresno County Squaw Valley.

RECREATION GIVEN CREDIT AT BOOTH

Visitors to the California State Fair this year are learning that Nevada County is famous for more than its minerals and agriculture.

The Nevada County booth this year features not alone the mineral and agricultural wealth of the county but the recreational resources as well. The fishing, hunting and last but by far not the least, the winter sports.

Truckee, Donner Lake and Soda Springs are given, for the first time, equal prominence with Grass Valley, Nevada City and other western areas of the county.

The fair will end September 8th.

Crossing Mishap

Mr. and Mrs. P. Petroni returned Wednesday from a two-weeks visit with their son in law and daughter, Mr. and Mrs. Heslin Cardinal at Blue Lake. Mrs. Petroni said that during the train trip a truck was hit at a crossing, and that one person was killed and another seriously injured.

Schools Open As Big Increase Seen In Enrollment Here

A 20 percent increase in school enrollment this year over the last year record, has been announced by Superintendent John Corbin of the Tahoe-Truckee Unified District.

The schools throughout the district opened Tuesday.

The largest increase was at the high school in Truckee which had a first day enrollmentof 393 compared to 339 last year. Registrations there, as in the four elementary schools were still coming in, Corbin said, and he expects at least 30 more to enroll before this week ends. Because of the big increase, it is necessary to hold classes in the halls.

The four elementary schools showed an enrollment of 584 this week as compared to 511 for the opening of school last year and this figure too will show a marked gain during the coming week, Corbin predicted.

The enrollment at Truckee elementary was 237; Tahoe Lake, 169; Kings Beach 148 and Donner Trail, 31.

Work Is Started On School At Lake

Work is starting this week on the addition to the Kings Beach elementary school following the awarding of the contract last Thursday to H. J. Harlow & Son, Sacramento contractors.

The bid was for $111,232 and was the lowest of the three submitted.

The contract calls for construction of four classrooms, toilets and lockers to provide for the fast growing school enrollment in the area.

HELPING HAND WILL HOLD BAZAAR HERE

Mrs. Wayne Philippi and Mrs. Charles Heller are urging members of the Order of the Eastern Star to take articles to be donated to the Helping Hand Club bazaar and rummage sale to Tonini's Grocery and Heller's Variety at the earliest possible date, prior to the event which will be held September 13 and 14 in the I.O.O.F. Hall at Truckee.

The two-day sale which will include a wide assortment of new and good used articles as well as tasty foods will open at 10 o'clock on Friday the 13th.

DRUNK DRIVER PAYS $210 IN COURT HERE

Mrs. Martha Sackman of Crayton, Wash., was fined $210 and spent the weekend in the Truckee jail on a drunk driving charge. Her husband was at liberty under $50 bail on charges of violating the county's sobriety ordinance. They told Judge F. W. Wilson, who assessed the fine, that they were just married.

LOCAL BOY INJURED IN HIGHWAY WRECK

James Hensley, 16, Truckee, was injured last week when a pickup operated by David Whitley, 16, of Truckee got out of control and overturned into the J. E. Joerger field on the Brockway cutoff. Hensley was treated at the Tahoe Forest Hospital for minor injuries.

BANDITS IN TRUCKEE BUSY 100 YEARS AGO

An interesting note in a recent Sacramento Bee column of "100 Years Ago" showed that travel through this area was even then not too safe. The item reported that bandits were holding up and robbing passengers on stages and had a hide-out in the Truckee canyon.

In Hospital

Mrs. Sam Goss of Tahoe City was rushed to Tahoe Forest Hospital this week following a stroke and heart attack by the Tahoe City ambulance.

HURT IN CRASH

David F. Holleman, 17, Truckee, was injured Sunday night at 11:40 o'clock when he apparently fell asleep at the wheel of his car three miles east of Truckee and the car left the road and crashed into a tree.

BE CAREFUL WITH FIRE!

Welch Purchases Donner Lodge In Big Transaction

Many Improvements Are Planned For Popular Local Resort

Harold M. Welch, who has been operating the St. Louis Cafe in Truckee for the past several years, this week announced that he has purchased the Donner Lake Lodge property at the west end of Donner Lake for a figure approximately $200,000 and plans extensive improvements which will amount to half that much.

The sellers, Welch said, are Mrs. Anne Nesbit and the Donner Lake Development Company, who built the lodge some 15 years ago.

Aside from making improvements in the lodge itself, Welch said present plans call for the construction of new piers, boat docks, an ice rink, heated swimming pool and installation of white sand on the 500-foot beach.

A coffee shop will be installed and a separate dining room will be added. The main lodge building will undergo a complete remodeling with improvements in the lounge and entrance. An inovation will be an exclusive gift shop.

The lodge occupies an area of 500 feet along the lake and U. S. Highway 40 and is approximately 285 feet across. There are approximately 20 hotel units capable of accommodating 60 people.

Although all facilities are being kept in operation, Welch said that improvements will start immediately. He intends to operate the establishment for both summer and winter patronage and will offer special attractions during both seasons for patrons.

Welch will continue to operate the St. Louis Cafe.

HIGHWAY 40 OPEN FOR THIS WEEKEND

To facilitate traffic movement over the long Admission Day weekend, highway construction, with certain minor exceptions, will be halted from Friday evening until Tuesday morning, District Engineer Alan S. Hart announced in Marysville today. Motorists are cautioned, however, that areas where work is normally in progress are still construction zones and that roadway surfaces may not be of the usual standards. Minor detours in effect through the construction areas will remain in force.

Exceptions to the Friday evening to Tuesday morning curtailment of construction are: Highway 40, east of Truckee from Floriston to Nevada Stateline—actual construction will be halted from 2:30 a.m. Saturday morning to 7 a.m. Tuesday.

$60,000 INJURY SUIT FILED AFTER WRECK

A personal injury suit amounting to $60,000 plus special damages as proven has been filed in the Nevada County Superior Court by Jackson George Faulkner against Marvin Lee Fletcher, et al.

The complaint alleges that on May 22 of this year while Faulkner was driving on U. S. Highway 40 two miles east of Donner Summit in Nevada County his vehicle was struck by one driven by Fletcher and that resulting injuries, are permanent in nature.

PHONE BOOK LISTING WILL BE CLOSED SOON

Listings for the Butte, Nevada, Sutter and Yuba County 1957-1958 telephone directory will close soon, local P.T.&T. manager, George Selkirk, announced today.

Selkirk advised customers wanting new additional or changed listings, such as for children or others living in their homes, to have them in the telephone compiny business office by the end of the month.

"It's important they be in as early as possible to allow time for the necessary clerical work to be done before the closing date," Selkirk explained.

Delivery of the book is scheduled to begin early in October.

BUY HOUSE

Mr. and Mrs. A. E. Burlingham bought the house of Mr. and Mrs. Ed Frates, located on West Main street. The Burlingham's present home will give way to the new four-lane highway.

Barry Leamon was feted at a family observance on his birthdate Monday.

SUNBEAMS

By WALTER M. BARRETT

Four people died needlessly in traffic accidents in this immediate vicinity during the weekend. All four had every expectation to live and enjoy the pursuit of happiness, but one split second of carelessness brought their outings to a tragic end. Speed and illegal passing were blamed by the highway patrol, but there could have been a dozen other causes, all avoidable, with the same deadly results. No one expects to die when they start on a motor trip. They read and hear of others being killed and injured, but probably hold the thought that "this can't happen to me." Yet in one split second it can happen. No doubt most accidents are caused by idiots behind the steering wheel, speeders, careless, drunk and reckless drivers and the like, but it is very seldom the idiot is the victim of his stupidity, the sufferers being innocent, careful drivers, who fail to take into consideration that the car coming is in the hands of a incompetent. It is best to consider every other driver a menace and be guided accordingly. You may be in the right, but being right doesn't prevent tragedies.

Officers Busy On Hectic Weekend

It was a busy weekend for the nine officers of the Truckee squad of the highway patrol, the staff at the Tahoe Forest Hospital, the Truckee ambulance crews and local police, and will result in a burden on the Truckee court.

Sgt. Frank Snyder of the CHP reported two fatal accidents in which four people died and 10 were hospitalized with injuries; two drunk driving arrests; three arrests for violation of the county's sobriety ordinance and 97 citations for moving violations.

This all occurred in the period from noon last Fiday until noon Tuesday.

LONGER DUCK HUNT FOR STATE NIMRODS

California duck hunters will have a 15-day longer season this year with a bag limit of one less bird, according to regulations set by the California Fish and Game Commission at its August 22 meeting in San Francisco.

The waterfowl season will open October 12 and run through January 14, for a state-wide 95-day straight season. Bag and possession limit on ducks will be nine birds, of which three must be either sprig or widgeon.

Last year California had an 80-day season, with a 10-duck limit.

PHONE COMPANY IS SEEKING DAMAGES

A suit for $7,336.25 damages alleged done to the Sacramento-Wendover (Nev.) cables by a caterpillar tractor August 3, 1955, has been filed in Nevada County Superior Court by the Pacific Telephone and Telegraph Company against E. M. Clark, doing business under the name of Lincoln Gold Dredging Company, Soda Springs Corporation, M. M. Hogle, two Does and two unnamed corporations.

The complaint for property damages, filed by Grass Valley attorney Lynne Kelly, charges the tractor ran into and upon two toll cables near Donner Summit across from Beacon Hill Lodge on Highway 40 and severed the cables.

The complaint is signed on behalf of the telephone company by E. D. Maloney, a vice president and general manager.

Marriage License

Jessie Ragan, 18, and Bonnie May Sonnenburg, 16, both of Tahoe City, were issued a marriage license at Reno, last week.

ADMISSION DAY

Admission Day will be observed as a holiday by the schools of the Tahoe-Truckee Unified District, John Corbin, district superintendent, has announced.

Annual Buck Stew Being Planned On Sunday, Sept. 29

Committee Busy Preparing Details For Feast At Capitol Hall

Preparation for the annual free buck stew, sponsored by the Truckee Outdoor Sportsmen, are under full steam.

President Frank Fox has announced that the affair this year will be held at 1 p.m., September 29 at the usual location in Capitol Hall. Fox and Vice - President Charles Osburn are heading the committee in preparing for the big event which annually climaxes the activities of the Outdoor Sportsmen.

Plans are being made for the reception of more than 500 guests and local merchants are participating by giving more than 100 free prizes. The organization will give a high-powered hunting rifle to top the list of awards.

Queen Contest

Again this year a queen contest will be held in conjunction with the feast and Osburn has announced that three charmers have been chosen for this event. They are Miss Anita Diaz, representing Truckee proper; Miss Rosalee Christenson, who represents the Gateway-Meadow Park district and Miss Joyce Slate, the Donner Lake area candidate.

Tickets for votes on the three queens are now available at many stores or from members of the club.

The queen will be crowned as a highlight of the festivities.

JUDGE CHARRISON HAS BUSY COURT

KINGS BEACH — The Tahoe Judicial District Court had a busy month during August and fines and fees collected by Judge Harry Charrison totaled $4479.

Traffic fines accounted for $2870, while criminal fines came to $1209. Parking tickets brought in $247, while state penalties, totaled $125 and civil cases, $24.25.

BEAR HUNTING TAGS READY TOMORROW

The new bear tags, required by a law enacted by the 1957 legislature, will be on sale to hunters about September 6, the department of fish and game announced.

Any person over 12 who takes bear with firearms or with bow and arrow during the regular seasons on or after September 11 must purchase a bear tag, according to law. Tag fee is $1.

Hunters must have one tag for each bear killed. Tag must be countersigned by a designated validating officer.

Bag limit on bear is two per season, except in Humboldt County where there is no limit.

THEFT OF JEWELS AT LAKE INVESTIGATED

RENO — Washoe County sheriff's deputies are investigating the reported theft of jewels valued at $25,000 from a resort cottage on Crystal Bay, Lake Tahoe.

Mrs. Adelle Block of Los Angeles said the jewels were taken from a a locked case in her cottage while she and her 14-year-old son were absent. Deputies reported they found no indications the cottage was entered forcibly.

PRESIDENT SETS DATE FOR OLYMPIC DAY

In designating October 19 as National Olympic Day, President Eisenhower noted that the winter games in 1960 are scheduled for Squaw Valley. He urged maximum support for the teams representing the United States in the games here and the summer games to be held in Rome.

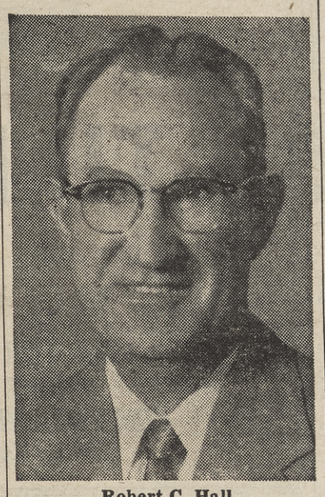
"There is a great need among the peoples of the world today for those friendly relationships which are fostered by individuals meeting with one another on the basis of their common interests and skills," the president said.

INFANT EXPIRES

The infant son of Mr. and Mrs. Wayne Raney of Verdi expired Tuesday morning. Graveside rites under the direction of the Truckee Colonial Mortuary, were held yesterday afternoon in Truckee Cemetery. The child was a grandson of Mr. and Mrs. Leslie Grow of Truckee.

BE CAREFUL WITH FIRE!

Rotary Official To Visit Clubs In Area



Robert C. Hall

The Rotary Club of Truckee on September 9th will be host of Dr. Robert C. Hall, governor of the 519th District of Rotary Internnational who is making his annual official visit to each of the 41 Rotary Clubs in the eastern half of northern California and the State of Nevada except the southeastern tip. He will address the local club and confer with President Swanson, Secretary Smith, and committee chairmen on Rotary administration and service activities.

On Tuesday, September 10th, Governor Hall will visit the Rotary Club of Tahoe City and confer with President Warren Porter and Secretary Harold Farr and the committee chairmen of that club.

Dr. Hall has practiced dentistry for 30 years in Marysville. He has been a member for 27 years and is a past president of the Rotary Club of that city. Dr. Hall has been active in the Boy Scout movement and other youth activities for over 25 years and has served for 13 years as a member and president of the elementary school board.

Blast On Highway Creates Damage

The two-hour limit for delaying traffic over Highway 40 between here and Reno during construction of the four lanes near Floriston underwent an unintentional violation Tuesday night.

A heavy charge of dynamite, designed to loosen a small portion of the grade shook down "half the mountain" and as a result the highway was closed approximately 10 hours from 10 p.m. Tuesday until 7 a.m. Wednesday.

Sergeant Snyder of the California Highway Patrol said opproximately 200 feet of Sierra Pacific Company flume and a large size piece of the highway was taken out in the slide which followed the blast.

SALE OF HOTEL HERE WAS NOT COMPLETED

Due to a misunderstanding, the sale of the Truckee Hotel by Mr. and Mrs. N. F. Dolley to Mr. and Mrs. Alvah Hooper, as announced last week by Dolley, was not completed.

The Dolleys will continue to operate the hotel as in the past.

NO. 32 CONTINUES TO PILE UP RACE WINS

No. 32, the stock racing car sponsored and built by Coffey's Garage was the fastest qualifying car and took first place for the third time on August 24 at Reno.

The following week car No. 102 from Portola broke the track record. In the heat race the local car was disabled in a four-car pile up but is being prepared to race on September 6.

WYETHIA CLUB TO MEET FRIDAY AT 8

Wyethia Women's Club will hold a meeting at their clubhouse, on Friday, September 6, 8 p.m. All members are urged to be present.

MRS. KING TO HOST MEMBERS OF WSCS

Mrs. Ben King will be hostess to members of the W.S.C.S. and their guests at an 11:30 o'clock brunch, Wednesday, September 11 in her home at Gateway Park.

The church organization will also enjoy a social meeting during the affair.

Weekend Vehicle Crashes Kill Four In Truckee Area

Three Killed After Auto Makes Illegal Pass Near Truckee

Four people died, at least six others suffered major injuries and at least three were treated for minor hurts as a result of two uncalled for vehicle crashes in this immediate area during the Labor Day weekend.

The dead are:

Jesse Lee Willis, 31, Yuba City.

Mary Soong, 29, San Francisco.

Mrs. Harlan Banninger, 30, Davis.

Shun Wu Ming, 28, San Francisco.

Willis, one of more than 700 motorcyclists planning to attend a meet in Reno Sunday, was killed when his motorcycle, said by investigating officers to have been traveling at a dangerous rate of speed, plunged off Donner grade at Big Shot for a distance of 200 feet. The accident occurred at 3:30 p.m. Saturday.

The body of Willis was shipped by the Truckee Colonial Mortuary to Texas for funeral services. He was unmarried. Motorists advised Patrolmen Martin Sturcke, Bud McCallen and Ray Carpenter, who investigated, that Willis and two companions had been traveling east at high speed just prior to the fatal mishap.

Four-Vehicle Crash

One of the most spectacular and deadly collisions ever recorded here occurred Sunday morning at 6:20 o'clock two miles east of Truckee on Highway 40. Three cars and a truck were involved and three people died, six were critically hurt, three escaped with minor injuries.

The crash occurred, according to the California Highway Patrol, when a car driven by Shun Ming 28, San Francisco, crossed over a double line to pass another car and met a truck driven by C. R. Morrey, Joseph, Utah, headon.

Two other cars, one driven by William Jacobs, San Francisco, and the other by Harlan Banninger, of Davis, unable to see the wreckage over the crest of the road, crashed into the demolished vehicles.

Mary Soong, 29, an occupant of the Ming car, was killed almost instantly. Mrs. Harlan Banninger, who walked from the wreck and road to the hospital in the front seat of the ambulance, expired a short time later, apparently from internal injury and shock. Ming died in a Reno hospital Sunday afternoon.

Seriously injured were Jacobs, Joseph Cobble of Davis, the truck driver; Morrey; Betty Jacobs, Mrs. Elaine Quon, Ling Fah Soony, both of San Francisco and Robert Mylon of Hayward. Mrs. Joan Mylon of Hayward, Charles Nelson of Richfield, Utah, and Banninger of Davis were treated for lesser injuries.

The mishap was investigated by Sgt. Frank Syder, and Patrolmen Bud Worsham and Ray Carpenter. The Truckee Ambulance took the injured to the Tahoe Forest Hospital and the more seriously injured were removed to the Washoe Medical Center at Reno.

LIONS SEE OLYMPICS ON FILMS AT MEET

Films of last year's Olympic games were shown to the Truckee Lions and their guests by Zep Rose, program chairman, at last night's meeting at Donner Lake Lodge. The visitors included Rusty Walker, Truckee; Len McCleneham of Long Beach. Next Wednesday the Calcutta Pool will be held at Floyd Carnell's and the meeting will be at Tahoe Inn.

400-POUND BEAR IS KILLED BY YOUTH

Last week, a 400-pound brown bear met his destiny at the hands of 10-year-old Steve Van Sickle, son of Mr. and Mrs. Lloyd Van Sickle of Truckee, according to a neighbor, Oscar Schumacher.

The boy and his father went to Ward Creek to seek out the marauding animal which had been seen repeatedly around garbage cans and ice boxes near homes in the area, sealing the wood creature's doom by a shot from Van Sickle's gun and then the fatal wound in the head given by the younger hunter, Steve.

HINOJORA, JR., BORN AT HOSPITAL HERE

Filiberto Martinez Hinojoza, Jr., arrived at the Tahoe Forest Hospital at 5:40 a.m. Tuesday and weighed seven pounds and one ounce. His father, an employe of the Southern Pacific Company, resides in Truckee. Dr. Ben King was in attendance.

FAMILY GUESTS

Mr. and Mrs. J. Howard had as their houseguests during the weekend, Mr. and Mrs. Edward B. Lampe and Mr. and Mrs. Donald Howard, all of Santa Rosa. Mrs. Lampe is the daughter and Donald Howard a son of the local couple.

NEVADA WILL FIGHT ILLEGAL BOAT USE

RENO—Sheriff C. W. Young announced that his office has completed arrangements with most private Lake Tahoe pier owners to post signs advising boat enthusiasts to keep their speed down in bathing areas.

The signs will also be posted in public areas in an effort to make Lake Tahoe swimming safer.

Both California and Nevada laws require power boat operators to cut their speed to five nautical miles per hour within 100 feet of any swimmer or within 20 feet of swimming beaches, swimming floats, diving platforms, life lines, or floats established for the embarkment or discharge of boat passengers.

State Is Asked To Give Thought To Advertising Its Tour Attractions

SACRAMENTO (CNS)—A state senate committee studying beaches and parks has heard a proposal that the state go into the business of advertising its tourist attractions.

During the course of an organizational meeting of the seanate committee on beaches and parks, headed by Senator Louis G. Sutton, it was proposed that a citizens' advisory committee be formed to study the problem, that advisory subcommittees be formed, that two citizens' committees be formed, etc.

The ball was started rolling by Louis Chess, president of the California Mission Trails Association. He said such a program is necessary for nation-wide publicity and advertising.

"There is a need for the expenditure of state funds in support of a tourist promotion program," Chess said. "Other states do it. The tourist dollar is the easiest dollar we earn in our economy. Everyone benefits by it.

"We see such states as Florida walking away with tourist dollars that used to come to California," Chess said. "If we don't do something about it, I am fearful we will experience losses in tourist travel."

Senator Arthur H. Bread, Jr., Oakland, member of the committee, suggested that thetourist industry name a citizens' committee to advice the legislative committee after a study.

MORE FUNDS WILL BE USED ON HIGHWAY 40

SACRAMENTO (CNS)—The California Highway Commission has allocated an additional $30,000 for traffic signing and striping between Heather Glen and Colfax on U.S. 40, for 6.1 miles.

A project for grading, surfacing and structures over this section, for $3,842,000, was put under way in November, 1956.

In Nevada, violation of the law is a misdeameanor punishable by six months imprisonment, $500 fine, or both. The law was passed by the 1951 state legislature as a result of a tragic Lake Tahoe motorboat accident in which a California girl, Imogene Wittche, lost both legs.

In addition, Sheriff Young said plans are being considered for the construction of two boat ramps at Incline Beach to keep power craft away from the swimming area. Officials and persons concerned with the beaches are now considering means of raising the estimated $720 construction cost.

LOCAL AGENCIES TO GET STATE FUNDS

SACRAMENTO (CNS) — California will spend $2,010,848,032 in the fiscal year ending June 30, 1958, with more than half of it going for local assistance and more than one-fourth of the total for public education.

Gov. Goodwin J. Knight had submitted a $1.947 billion budget but the legislature trimmed some $33 million from it. However, the lawmakers turned around to pass more than $96 million in appropriation bills which were approved by Knight.

This spending program, up some $200 million from the previous high, will be financed with $1.193 billion from the state's general fund; $129 million from reserve funds and $682 million from special funds.

Income for the fiscal year is estimated at $1.172 billion in the general fund.

The 1957-58 fiscal year started with a general fund surplus of $109,871,484, as compared with a surplus fo $145,729,412 a year previous. At the end of the fiscal year the general fund will have a deficit of $6,045,636.

NOTICE OF SALE OF PROPERTY DEEDED TO THE STATE FOR DELINQUENT TAXES

Dated August 22nd, 1957

Whereas, I was on the 1st day of August, 1957, directed by the Board of Supervisors of Nevada County, State of California, and there was received by me and filed in my office an authorization of the State Controller (dated August 8th, 1957) to sell at public auction, for cash in lawful money of the United States, certain tax deeded property, public notice is hereby given that unless the said property is redeemed or an installment plan of redemption is initiated, as provided by law, I will on the 17th day of September, 1957, at the hour of 2 o'clock P. M. in the Tax Collector's Office in the Court House of the County of Nevada, in the City of Nevada, sell as directed the said property for a sum not less than the minimum price or prices set forth in this notice.

The parcel or parcels of property that are subject of this notice are situated in the County of Nevada, State of California, and are described as follows:

Lot 4 Blk 10 of Donner Lake Co.'s Greenpoint Subd.

Last assessee: E. E. Compton
Minimum Price $275.00

If redemption of the property or the initiation of an installment plan of redemption is not made according to law before the first bid is received, the right of redemption will cease.

TAHOE POSTSCRIPTS

By SWANEE

Telephone JUniper 3-3687

Catholics are reminded that during the month of September, the time for masses has been changed. They will be held each Sunday at Tahoe City at 8 a.m. and at 11 a.m. with no 5 o'clock mass; at Truckee at 9:30 a.m. only and at Kings Beach at 8 a.m. and 11:30 a.m.; none will be held at Meeks Bay nor Soda Springs during the month. Daily mass will be held only at Truckee at 8 a.m., the same applying from now on for mass on the first Friday of the month. Confessions will be held half hour before masses.

* * *

Am happy to oblige my old friend, Mrs. Pearl Heller, of Truckee by announcing the coming bazaar and rummage sale which will be sponsored by the Eastern Star on September 13th and 14th in the Odd Fellows' Hall in Truckee. Mrs. Heller is one of the chairmen and declares the ladies are exerting every effort to make a resounding success of the event. There will be many desirable and useful articles on sale for shoppers who like to do their Christmas shopping early.

* * *

Bob Petersen, who served as assistant manager at the Bell Telephone's business office in Tahoe City during Manager George Selkirk's two weeks vacation has departed with his family for his Marysville home. On August 28th, Mr. and Mrs. Petersen observed their fifth wedding anniversary at a North Tahoe resort accompanied by friends. On Friday evening the Petersens and children, Bob, Jr., Gerrie, Bill and Kathy were guests at the Jeannette Mitchell home at Sunnyside where a cocktail hour was enjoyed also by Mr. and Mrs. George Mead of Tahoe Park, the George Selkirks of Pineland, and Eleanor Swanson.

* * *

Mr. and Mrs. Sandy Saunders of Sparks motored over to Tahoe City on Sunday with their houseguest, Mrs. Anne Sach, former resident of Pineland, who is now living in Philadelphia. She came out by plane a week ago to visit the Saunders for two weeks and will return home on September 9. On Sunday she enjoyed visiting her many old friends in town and was the dinner guest of Mr. and Mrs. James Martin in Tahoe City, returning that evening with the Saunders to Sparks.

* * *

Little Dale Mitchell, son of Mrs. Jeannette Mitchell of Sunnyside, turned nine years old on Sunday. During the day he received many lovely birthday gifts and that evening was treated by his mother to dinner at Skookum Chuck in town, with two of his little playmates, Georgie Selkirk and Keith Holden. After the repast the youngsters viewed the thriller "Hellcats of the Navy" at a Brockway theater.

* * *

Visitors at the lake last week were Mr. and Mrs. Harold Ambrosch of Glendale. Mr. Ambrosch stopped first at Donner Memorial Park where he took pictures which will be shown in his historical movie he is preparing on California, which will also appear in book form in stills. These movies are used by the school and prove a far more pleasant and adequate way of learning than through the medium of books alone. Mr. Ambrosch over 25 year sago was a regular summer visitor to Meeks Bay resort where he showed the first movies to the public in this area.

* * *

Called Marie Henry on Monday morning and learned that husband Joe is slowly regaining his strength after his visit to St. Mary's Hospital. He is home but must remain in bed for some time, being allowed up for only very short periods. His many friends are wishing him the best of good luck for a speedy and complete recovery.

Mrs. Henry, who is chairman of the Red Cross Disaster Relief in this area, confided that during the recent forest fire at Homewood, where there was a rumor evacuation might be necessary, the San Francisco office called her at Tahoe to ask if they could be of service in any way. Mighty nice to know what help is waiting if, and when, we should need it.

* * *

Recent guests at the Art Sathers at their Lakeshore summer home at Homewood included Mr. and Mrs. Charles Powell of Maxwell; Mrs. Aileen Hamilton of Elk Creek; Mr. and Mrs. Joseph C. Soares and children, Connie and Victor of San Jose, and Mrs. Ed Sather and daughter, Diane of Menlo Park.

* * *

Among visitors attending the Tahoe Yacht Club regatta on Sunday last were George Chambers, brother of the late Dave Chambers of Chambers' Lodge, and his wife, from San Leandro.

* * *

One of the most exciting sidelights of last Sunday's races was watching the fine-month-old Wymeranian pooch, belonging to Loren Bradley of Idlewild, ride like a veteran in his master's speedster as he proceeded to cop several top places in the annual regatta of the Tahoe Yacht Club at New Chambers'. The dog has been riding in the family's "Lornita III" since he was eight weeks old and besides this, he is an accomplished acquaplaner.

* * *

Lake Tahoe's last big three-day holiday of the season is over but grander weather, or a more amiable crowd could not have been requested. For the most part drivers of the thousands of cars from almost every state of the union that lined our highways were careful and courteous. The AAA at Tahoe City Garage report only one accident in this immediate area and that was on Friday night near Town and Country, in the Sunnyside district, when a car hit a tree and was badly damaged, but no one believed injured.

* * *

On Sunday night Sturgis' Tahoe Park store was entered by using a brace and bit to make a hole in a wooden door which gave entrance to a storeroom, making it easy to slip the latch and gain admission. The money was taken from a cashbox under the counter, and was estimated to have been between $30 and $50. Nothing else was taken. Constable Harry Johanson of Tahoe City and Deputy Sheriff Angelo Charretti of Kings Beach, who investigated on Monday morning believed the pilfering was committed by youths who needed money to get back home on after a stay at the lake. Only a few hazy fingerprints were left behind. No clue to the culprits is available.

* * *

The James Bakers of Fairway hosted a house party over the holidays for out-of-town guests and family members. Visitors included Mrs. Marie Steenis and son, Bill of Reno; Mrs. Chloris Mathewson and daughters, Karla and Marilyn of Sparks and Eleanor Swanson. A swimming party and picnic was enjoyed by the group at beautiful Meeks Bay on Saturday, and a similar day was spent by the Bakers and children, and their guests, at Rubicon Beach at Bliss State Park on Sunday. The visitors left for home on Monday.

* * *

Guests at the Phil Geier home in Tahoe Park who departed for home after a most enjoyable vacation were their daughter, Mrs. Charles Bailey of Arcadia, her husband and their children, Susan and David.

* * *

TIMELY TIPS

by MRS. MARIE HENRY

For diabetics, or other members of your family who may require special diets, lay in extra supplies of canned foods right now to meet their particular needs in case of emergency.

By making a few simple changes in the way they prepare air-dropped mines, Navy crews can now be sure 95 per cent will blow up enemy ships. The new procedures were developed by the scientists at the Naval Ordnance Laboratory, Silver Spring, Md.

STRICTLY STRICKLAND

By Bill Strickland

Strictly Strickland is on vacation. His column will be resumed on his return. That's the way the big boys account for their missing columns. I can't use such an excuse, however. Our vacation was comprised of twenty-one twenty-eight hour days. Don't ask me how I got twenty-eight hours out of each day, but that's the way it turned out. I'd just as soon not have anymore. However, our annual nine months vacation has just started. Vacation from the small fry, that is. When they're around they drive you nuts with their constant Go—Go—Go—, and, when they're not around, you go batty from the quiet. We couldn't do without them, tho, bless 'em all!

* * *

The Donner Community Club is having an outdoor barbeque Sunday, September 15. It will serve as a get-together and also serve to introduce the new teachers for Donner Trail School. Location will be the Big Bend picnic area, and listed for entertainment, swimming—badminton—horseshoes, and just plain old lazy-ing. Should be a lot of fun; so attend if you can.

* * *

Donner Summit Post No. 811 will have their installation of officers this coming Sunday, September 8, at Beacon Hill Lodge. This too, is fast becoming one of the big annual events on the Hill, so all of you Legionnaires set aside what ever you've planned and come on up. Members of the flat land posts will attend; so you be sure and be there, too. Contact Elmo Moriano, chairman, Soda Springs. Let him know how many will be in your group.

* * *

Madeline Walton handed me my first bit of outside news yesterday. The first time that has happened to me in my two years of writing this column. Daughter Starr had a letter from Babette Haueisen. Bab's is evidently having quite a European trip for herself. So far she's been to Munich, Salzburg, Hofgastern, Badgasten, Kitzbuehl, Innsbruck, Mitterwald and Garmish. This winter she will spend most of her time at St. Anton which she says is Europe's best ski area. Everywhere she went in Austria she saw ski lifts. No wonder they're turning out champions right and left. Innsbruck is evidently a fair sized city. Larger than Truckee, anyway. She got lost; so saw some of the back streets. Met Hans Gerl, who taught for Bill Klein in the Sugar Bowl in '54, and was invited to ski with him at Badgasten, where the FISH will be held this coming winter. Went through the Hadderer Boot Factory — says it was very small—about the size of our garage at home. Evidently the production line hasn't hit that part of Austria yet. Hence the still fine quality of handmade boots. She still has a lot of places to go and things to see. Will return home after the winter season, natch!

* * *

Lou and Jane Maino were visitors on the Hill over the weekend. Lou has been bumped upstairs by Western Greyhound — Western? Whatever happened to Pacific? Anyway he is a road supervisor now for the five or six or seven western states .We did a lot of reminiscing on the development of our Mountain Top.

* * *

The construction work on U. S. 40 is moving along at a very rapid pace. Good thing, too, because believe you me, fall is in the air, and winter is a comin'. This was brought out very effectively one night last week. It was about 10 o'clock and I was very comfortably warm; but because my homesteading path takes me down the highway about a mile every 40 minutes I decided to guarantee that comfort by donning my parka. Like I said, I was real warm—but when I looked in my car, whatta' you know, no jacket. Right then and there the temp must have dropped at least 30 degrees—COLD? You know it! Just about that time, Willie Curran drove up. He's just purchased a warmer for deer hunting. So with the price tags still on it, I had the extra covering I thought I'd have to do without.

A new work schedule is starting this week which will throw out the unrestricted times I printed a coupla' months ago. As soon as I find out I'll pass the info on to you. Through this column, of course.

* * *

Not too long ago we had a paragraph on "Casanova Engineer." Since it was printed we've had about 20 inquiries from people who thought they were "Cass" you can tell fro mthat, that we have a pretty high flying crew.

* * *

Strickly Strickland has been on vacation you say? Hmpff!!!!

LAKE LEVEL

TAHOE CITY—With the level of Lake Tahoe at 6228.22 feet Monday, 479 csf of water was being discharged from the gates into the Truckee River. Ideal weather continued with hte temperature ranging from a low of 29 on Friday to a high of 73 on Sunday.

TRUCKEE BIBLE CHURCH

Pastor Rhoades called from Dallas, Texas, Sunday night to announce his safe arrival there. His return in time for Sunday worship service is uncertain. But, in the event of his continued absence, Wes Boyer will bring the message of the morning. Sunday school for all ages begins at 10 o'clock and church at 11. There is a regular evening service held each Sunday evening at 7. This week at the prayer hour on Wednesday evening at 7:30 in the Wes Boyer home, Bob Howell will be in charge.

The youth meeting will be held on Friday at the temporary church home at 7:30. After the social hour is over the program will be presented by the young people and will be centered around the newspaper idea called "Teen-Times." Song leader for the evening and announcer of each page of the newspaper headlines will be Bob Williams. Page two will be the music section. Page three will be the book review section with Larry Reid. Page four will be advertising section and will give opportunity for election of officers and announcements for next meeting. Page five is the financial page with George Boyer and Dusty Rhoades taking the offering. Page six is cultural and entertainment section with Marilyn Boyer playing an accordian number. Page seven will feature Evangelican Christian News, National and International. Tim Risden will be reporting on vital news events. Page eight will contain the editorial section in which Allen Young will give his ideas taken from the Bible on young people establishing their own personal time of devotion each day. A discussion group will follow and be closed with prayer by Bob Williams. A time of refreshment will end the evening.

METHODIST COMMUNITY CHURCH

Activities for this week:

Thursday at 6:30 the quarterly conference will be held, the first official meeting of the new fiscal year. A potluck dinner will be enjoyed and District Superintendent Douglas Ewan will discuss the arrival of the new full-time pastor scheduled for the end of September and other current subjects.

Church school will be held at 9:45 Sunday, followed by worship service at 11 o'clock.

Pastor Aubrey Clark has been on a week's vacation and during his absence C. Z. Smith and Victor McLane will fill the pulpit.

All young people are invited to attend the M.Y.F. meeting Sunday evening at 6:30. Counsellors of the organization are Mr. and Mrs. C. Z. Smith.

The state department of motor vehicles gives an average of 74,597 driving tests per month.

Keep California Forests Green

HIGHWAY PATROL WARNS TRUCKERS

SACRAMENTO (CNS) — The California Highway Patrol said the "noted increase" of traffic violations by commercial vehicles has made it necessary to make a stepped-up enforcement move in that direction.

"Enforcement action against these violations will be executed in accordance with established enforcement policy," B. R. Caldwell, CHP commissioner, said. "The safe operation of commercial vehicles is a must on California' congested highways."

Violations listed by Caldwell as most prevalent among commercial drivers included excessive speed, speed on downhill grades, following to closely, failure to maintain 500-feet between commercial vehicles, exceeding limits on driving hours, defective brakes, failure to complete passing movements on uphill grades within limits.

MURDER . . . *is no picnic*

These sandwiches will never be eaten. A happy family—off on an outing—is now in a ditch . . . crushed . . . their car a smoking heap of metal.

Why did it happen? Because some driver was watching the scenery, instead of the road ahead? Because someone was speeding without even knowing it?

Often, that's all it takes to bring death on the highway. And it can come to anyone . . . suddenly and brutally. It came to 40,000 Americans last year alone!

This summer, drive as though your family's lives depended on it. They do!

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Here's how you can help stop traffic tragedies:

1. Drive safely and courteously yourself. Observe speed limits and warning signs. **Where traffic laws are obeyed, deaths go DOWN!**
2. Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you. **Where traffic laws are strictly enforced, deaths go DOWN!**

Support your local Safety Council

NEWS NOTES FROM TAHOE

By Naomi McLane

Tahoe City, Box, 711. Juniper 3-3187

Schools Open

School again. For all households with children the year really begins when school begins. I imagine all of us mothers regain our freedom with a sigh. And I also think despite all cartoons and jokes to the contrary that children love the return to a sort of formalized life.

Rotary Meets

Rotary met at luncheon at the Tahoe Inn with 35 visitors outnumbering the local men by 10. The program was not held because several members were on jury duty at Judge Charrison's office in the Community Hall and because of the fire in Homewood which broke out that day. Tom Borneman, of the division of fish and game and a Rotarian visitor, was to have been guest speaker. Some of the local Rotarians have homes in the Homewood area and a few visitors either have homes there or were vacationing in the threatened area.

Cooperation

The Homewood fire up behind Ben Callender's Lodge certainly showed the advantages of quick and prompt care. I cannot begin to name the men who worked upon it but all deserve our gratitude. It was a bad windy day and the fire could so easily have remained out fo hand.

Traffic Drops

I like to drive by Meeks Bay campground right after Labor Day. As you curve the highway just south and look down where all has been so busy with camp fires and blanketed partitions and see such wooded space, you are amazed. I think the squirrels and chipmunks, too, know that traffic is diminished after Labor Day for they seem to be out in full force scampering boldly across the roadway.

Mumps Victims

Chipper Marvin managed to convalensce in time to make it to school but his older brother, Mike, and younger ditto, Kim, are both in bed with mumps.

Lost Dog

Jim and Jackie Spencer and their two boys, John and Brien, left this Monday for the bay area after a month's camping out while building in Tahoe Tavern Heights. Their little purebread beagle, Baskerville, named after another hound of that community, did not return to camp in time to be taken home by the family. If anyone sees the little friendly gold pup of white, brown and black mixture will you call the McLanes at JU 3-3187? Basker wears a rabies tag which says Peninsula Pets, Carmel on it.

Goes to College

Bud Ross drove down with Mrs. Simeon Arndt of Tahoma last week to register for his second year at Riverside Junior College. With justifiable pride Mrs. Arndt tells us that Bud had a good B average last year and made all A's in his chosen field of mathematics. Arndts and Bud have spent many, many summer in these past years in their Tahoma home. Simeon Ardnt who many of you will remember had a serious stomach operation over a year ago is very well. He has added a year to his already four-score seven. Many of us at half of 88 are not so young.

Wedding Date

Mr. and Mrs. Marshall Ruhkala of Lake Forest were planning a wedding anniversary celebration with family and friends in Rocklin over the Labor Day weekend. However little Carl was sick so Joan stayed home to care for him and Marshall and his first son, Tommy, went dove hunting. Got a limit, too, as consolation.

Tahoe Hosts

Mr. and Mrs. Norman Wilson of Tahoe Park were hosts to a young couple who will be married this coming October. William Glanders, an investment consultant in San Francisco, and his fiancee, Miss Lydia Potter, spent most of the Labor Day weekend with the Wilsons.

Traffic Deaths
MOUNTED TO 40,000 LAST YEAR!

Two Firms File For Incorporation Papers

SACRAMENTO (CNS)—Secretary of State Frank M. Jordan announced today articles of incorporation have been filed with his office for two real estate firms, in Alameda and Placer counties.

Directors for the two firms were listed as Phillip F. Nicholls, 2957 Benvenue avenue, Berkeley; Freeman A. Nicholls, 465 Mountain avenue, Piedmont; and Enoch B. Quinn, Dutch Flat.

The firms, each to be capitalized at $50,000 in $100 par shares, are the Dutch Flat Developers and the Pla-Vada Development Co.

Earthquakes are vibrations transmitted as waves in the structure of the earth.

At Tahoe Home

Mr. and Mrs. Bert Garnjost of El Cerrito and their boys, Billy and Johnny, spent the weekend at their Tahoe Tavern Heights home.

Up For Holiday

John Calef, Berkeley architect and his wife, Phyllis and their two daughters, Liza and Polly, were at the lake for the holiday. Calef is one of the many visitors who really loves to swim in our cold waters.

Has Broken Arm

My son tells me that Jimmie Henry has reported to first grade wth a broken arm. No one is at home at this writing so no details can be given.

Store Robbed

Sturgis' store at Tahoe Park was broken into late Sunday night or in the early hours of the morning. Police suspect it was the work of juveniles but of course, cannot be sure. A wooden door of a storeroom was bored through and then a portion shattered so that the inside handle could be reached. It is certainly a shame when irresponsible kids—or adults—go on a rampage.

VACATION SERVICE FOR SUBSCRIBERS TO LAKE PHONES

TAHOE CITY—Subscribers to the service of the Pacific Telephone Company in the Lake Tahoe area have been asked to contact Manager George Selkirk in event they wish to take advantage of the "vacation" rate being offered.

Selkirk explained that in the past it had been possible to retain line facilities and numbers for residence service which had been disconnected for reassignment the following summer. Because of the growing demand for both winter and summer service, this is no longer possible, Selkirk explained.

However ,the "vacation" rate which assures outgoing service the year around, reserve line facilities and numbers and assure a listing in the directory next year and eliminates the connection charge and provides incoming and as well as outgoing service during the time of home occupancy, is available.

Subscribers, whether they desire to take advantage of this service or not, but who plan to leave at the end of the season, are asked to give the company a week's notice.

TAHOE SKI CLUB TO SEEK SP BUILDING

AUBURN — County Executive Officer John Bernard has been instructed by the supervisors to investigate the request of the Tahoe Ski Club that the county lease the property used by the ski club from the Truckee-Carson Irrigation District and the Southern Pacific Company.

The ski club in turn would lease the property from the county. A building on the property, owned by the Southern Pacific Company, is desired to be used as a clubhouse, and the company will lease it only to the county.

TAHOE CHAMBER TO MEET ON SEPT. 13TH

TAHOE CITY—The Lake Tahoe Sierra Chamber of Commerce will hold its annual fall membership meeting at Fallen Leaf Lodge at noon, Friday, September 13, with a luncheon.

The principal item of business will be the election of directors for the coming year, President Fred Schultz announced.

More than a score of communities around the lake have nominees for the posts. They included:

Tahoma, Jack Smith; Chambers Lodge, Robert Law; Tahoe City, Ernest Pomin; Squaw Valley, Peter B. Johnson; Sandy Beach, George Phillips; Kings Beach, Leon Barker; Meeks Bay, George Kehlet; Homewood, Don Huff; Fallen Leaf, Harriet Craven; Camp Richardson, Ray Kinsley; Brockway, Bete Bennett; Tahoe Pines, H. B. Lindbergh; Tahoe Valley, Anthony J. Borelli; Al Tahoe, Stan Meyer; Bijou, Shuler Brand; Stateline, George Canon; Glenbrook, William Bliss, Jr.,; Skywater Lodge, Russell Thayer; Elks Point, Nev., Lynn A. Hodgert and M. G. McMillan; Pine Cone Resort, John Richaelson; Crystal Bay, John Rayburn.

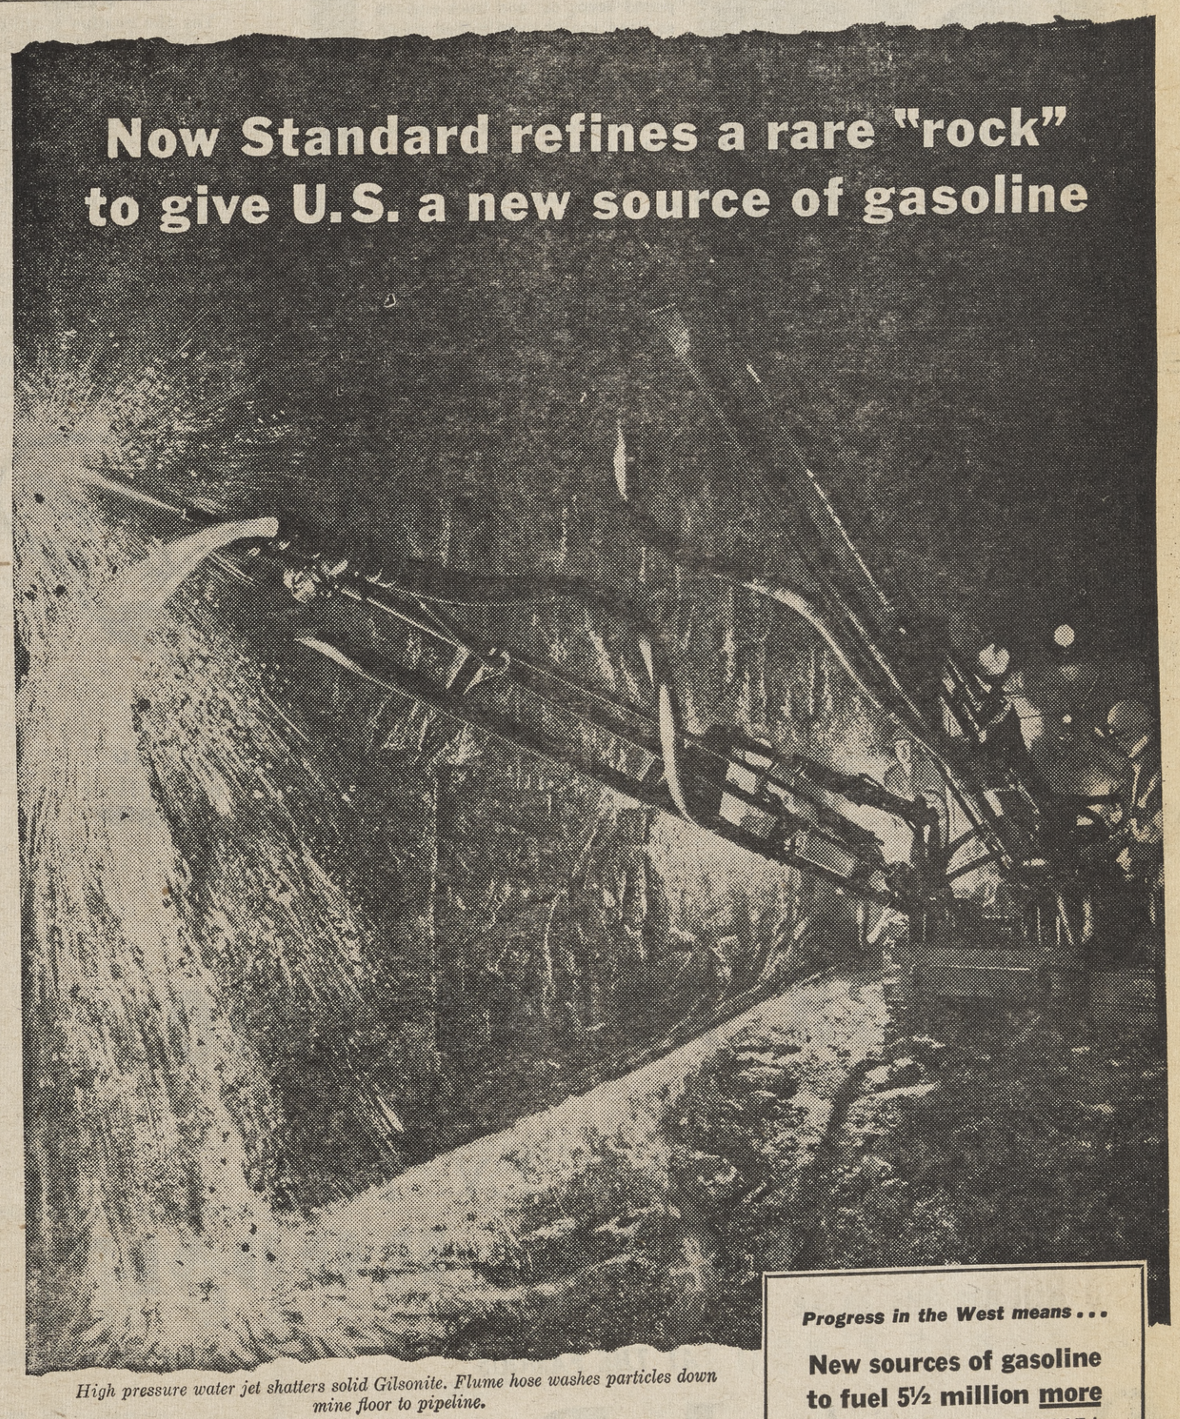
A Tax-Saving, Public Service Enterprise

Now Standard refines a rare "rock" to give U.S. a new source of gasoline

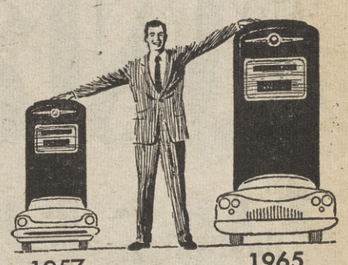


High pressure water jet shatters solid Gilsonite. Flume hose washes particles down mine floor to pipeline.

Petroleum products are now being made without crude oil. Standard found the answer in a rare hydrocarbon called Gilsonite. But it took $16,000,000 and a vast research program to do it. Deep in the mountains of Utah our scientists worked out a better, faster way to mine Gilsonite. Meanwhile our engineers designed the nation's first pipeline capable of carrying solids suspended in water . . . over a rugged terrain to a spot 72 miles away.

There Standard* built the nation's first privately financed refinery to make petroleum products from a material other than crude oil. Today that refinery turns Gilsonite into high octane gasoline for motorists, and the purest coke known for making steel, aluminum and other metals. In our country's search for new sources of fuel, the development of Gilsonite is a major breakthrough. It means the equivalent of 100,000,000 barrels of oil added to U.S. underground reserves—important help in meeting our country's growing petroleum needs.

Progress in the West means . . .
New sources of gasoline to fuel 5½ million more motor vehicles by 1965†



†*In 11 Western States*

WHEN IN RENO VISIT THE CORAL REEF

NORTH TAHOE

By JUDGE HARRY CHARRISON

More Visitors

Our neice and nephew, Roy and Louise Dixon came from Glendate and their relatives, Marvin and Sally Dean of Pasadena. It was the first time we had seen them in 10 years. They had been traveling to Denver and other interesting points on the way, making a call on Joellyn Ashton at Salt Lake City. It was the same thing, "this is the most beautiful place that we have stopped at so far." Not surprising, is it?

No Broken Bones

Just saw Harvey Klitzske, Jr., go into the house with his arm in a sling, so, of course, we thought oh, oh, poor little Harvey looks as though he has a broken arm, so called his mother. What happened to poor little Harvey? Oh, nothing. They were playing games. Ohhhh. Wait till I get him.

More People

Well, Labor Day has come and Labor Day has gone. Now we must wait till the next. Did you ever see such a short summer? As far as we are concerned it has been wonderful. Maybe you won't believe it, but there has been a whole lot more people than ever before. We must remember that there is just about 25 percent more cabins than last, and oodles of trailers.

Rotary

Attended the meeting of the Rotary Club of Brockway, and had the pleasure of listening to a talk by Alexander van der Hart. His lecture was mostly on Indonesia. He is a descendant of many famous naval men dating back to 1780, when William Anton van der Hart was rear admiral of the Royal Netherlands Navy, and so on up to 1823, where another relative he was in command of various ships the last being the "Dawn" in the East Indies. A very interesting subject.

New Owners

It looks as though a little more life will be added to the North Tahoe area, with the sale of the Tahoe Biltmore, to the Nevada Club of Reno, and up and coming organization with Mr. Fitzgerald at its head. It is bound to add to the glamour of the Crystal Bay community and we shall be waiting with interest, just what changes are to be made. Anyway, it will be to the benefit of the whole north side.

Family Gathering

Angelo Chiaratti had his mother and brothers up here for a few days and a fine family to be sure. Angelo at the moment has been staying at Carnelian Bay over the Sur Mar Market.

Visitors

Art and Mrs. Mueler, and Mr. and Mrs. DeWitt were visitors at the Dave Ashtons during the past week. Art has purchased four lots in Kings Beach, and will commence, upon his return, to build a motel. They are from Pasadena and have just sold a nursery. They will make good citizens for our community. Art is a Lion and is interested in community affairs.

More Visitors

The Eybel family of the golf course were up at her home during the past week. They are from Bakersfield. The Howard H. Morgans who own the El Cancanto Apartment at Tucson, Ariz., were here for a few days. They are planning to return soon as they are in love with the lake.

Weather

Yes ,the weather is quite an item for this area. Last Thursday morning at 7 a.m. I peeked out of the window and sureenough it was just 26 degrees. At that moment Harry Stubley called and remarked that the lake was just a trifle cold when he took his usual morning dip, but at that it was wonderfully invigorating, especially after a two-mile walk.

Too Many Out

And again the cold weather and wind didn't do business any good for the area as many left for a warmer climate. They forget we have about two months of Indian summer, yes the most beautiful part of the year so if you haven't left stick around for a while and you will love it all.

Good News

Now we hear that Joby Lewis opened his new Monte Carlo at Hawthorne last Saturday and had just talked to Helen who was taken to Hawthorne and is able to be up in a wheel chair, and is really doing fine considering the seriousness of her injuries.

Sold Home

The L. P. Waters of the Waters of Tahoe had their son and his wife up for the weekend and they tell us that they are on their way to West Covina, to settle a few things, one being that they have disposed of their beautiful home there, and from now on Lake Tahoe will be their permanent home. This is good news for the community. They say too that their ceramic business has been wonderful.

New Home

I hear that Mrs. V. C. Shattuck has purchased a beautiful home just above us on Midiron street on the golf course. It's on a wonderful location, and we are very happy to have her in our community.

Champion

Yes, we have a champion in our midst. Diane Davis, daughter of Bob and Mrs. Davis, was in the stake races at Glenbrook recently, and won first prize. She was the youngest contestant, being only 12 years old. Diane is really an accomplished horsewoman. Congratulations, Diane.

Not Again?

Mrs. C. J. Wolf of Kings Beach has broken her arm again after only just getting over the last break. The same arm, too, and like many more fell off some steps at her home. We hope it will not be too bad this time.

In Court

Malcomb Major, working at the Tahoe Tavern, was arrested for petty theft from that tavern by Sgt. Bud Rabska, and was sentenced to serve 30 days in the Placer County jail.

John A. Bowman of Kings Beach was brought from Auburn for his preliminary hearing and after hearing the evidence, Judge Charrison held him to answer to the superior court in Auburn. His bail was reduced to $1500.

Big Sale

M. H. (Hank) Dodd of the Dodd Realty Co., informs me that he has sold the beautiful home of Mrs. Harry Comstock. That's the beautiful home on the point over from the hotel.

Truck Owners Warned Of New Speed Limits

A major change in the truck speed law effective September 11, should be reviewed by all truck operators, says the California Highway Patrol.

"The new speed law for trucks was passed by the 1957 state legislature and becomes a part of the California Vehicle Code in September," declared Patrol Commissioner B. R. Caldwell. "It reads as follows: 'Any motor truck or truck tractor having three or more axles or any motor truck or truck tractor with any trailer or semi-trailer, or any combination thereof, shall not be driven on any highway at a speed in excess of 45 miles per hour. This section does not include any bus having three or more axles.'

"Analysis of 1956 data reveals that, of all commercial vehicle operators deemed at fault in traffic accidents in unincorporated areas, 28 percent were in violation of speed laws," Caldwell stated. "The California Highway Patrol is beginning an extensive information program designed to bring this and other new laws to the attention of the general public.

"Full enforcement emphasis will be applied to the new truck speed law," he concluded.

LAWS MAY CHANGE TO ASSIST OLYMPICS

Representative Clair Engle announced from Washington this week that expected easing of some restrictions in the immigration law by congress will help keep the 1960 Winter Olmpics in Squaw Valley.

Engle said he had been assured that proposed changes in the law will permit the government to waive fingerprinting requirements. Red country representatives had said they would not send athletes to this country unless fingerprinting was waived.

The bill was expected to be passed, eliminating this hurdle in the planning, this week.

Hearings Are Slated To Discuss Liquor Rulings

SACRAMENTO (CNS)—Hearings have been scheduled in Sacramento in early October for 45 proposed changes in the rules under which the state's vast liquor industry operates, state alcoholic beverage control director, Russell S. Munro has announced.

One of the major changes to come before the department and the hearing during the October 8-10 session, will be proposals to change permitted discounts in wholesale sales of beer, wine and distilled spirits.

At present, sales to retailers permit a maximum of 10 percent discount on wine, no discount on beer, and an unlimited discount for quantity or cash payment for distilled spirits. The latter category, despite its lack of limit, however, is governed by unfair practices sections which prohibit the selling of liquor at below cost.

Munro said there have been proposals to permit a discount on quantity sales of beer to retailers, to fix a maximum discount for distilled spirit sales and make changes in the wine regulations.

Munro said announcements of the proposed changes are being mailed to the industry at present.

Department Preparing 8,000,000 License Bills

The department of motor vehicles is beginning the preparation of 1958 vehicle registration reminder statements to be mailed in quantity approaching 8,000,000 shortly after next Christmas.

Paul Mason, state director of motor vehicles, today urged car owners to report immediately any change of address to the department of motor vehicles. He said special change of address forms for proper filing are available at all DMV field offices. The corrections may also be sent by letter or post card. In this case, they should include old and new addresses, and a description of the vehicle with license plate number. It is also a requirement of law when a change is reported that the old address shall be marked out on the registration card displayed in the vehicle, the new address written or typed in, and the owner's initials marked in ink beside the change.

PLACER SEEKING TO CURB BOAT MISHAPS

District Attorney A. B. Broyer of Placer County has been requested by the board of supervisors to prepare a tentative ordinance to regulate boating, swimming and water skiing on lakes in Placer County.

The recommendation was made by Sheriff William Scott who advised the board that with the exception of a state law governing the speed of boats, the county has no jurisdiction over the lakes. He said, "we're going to have some people killed if we don't control the situation."

FALL IN S. P. TUNNEL IS BASIS FOR ACTION

Joseph O. Turmel of Chico has filed a $52,159 suit in the Butte County Superior Court against the Southern Pacific Company for personal injuries growing out of an accident near Norden, Nevada County.

Turmel states he was working in a snowshed when he fell and suffered a concussion and a number of bone fractures.

HEARING CALLED TO DISCUSS WATER FIRM

The California Public Utilities Commission has set the public hearing in the matter of application of the Pinewood Water Company, a California corporation, for a certificate of public convenience and necessity to extend its water system, and for authority to increase rates and charges.

Examiner John A. Rowe, Jr., will preside at the hearing which will be held Wednesday, September 11 at 10 a.m., in Tahoe Community Center, Tahoe City.

At this time and place, or at subsequent hearings, all interested parties may appear and be heard.

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Tuesday, August 20, 1957
Adjourned Meeting

Present: John T. Trauner, Clerk, Wm. J. Cassettari, Deputy District Attorney.

The meeting was called to order at 10:05 A. M. by the Chairman of the Board, and it was noted that all members were present.

The minutes of the meeting of August 15, 1957 were read to the Board by the Clerk, and upon a motion made, duly seconded, and passed unanimously, the minutes were approved as read.

Notice having been given that the public hearing on the Final Budget will be held at this meeting, and there appearing to the Board that there was no one in the audience to protest any of items in the Preliminary County Budget or to request any additional items, a motion was made by Supervisor Bishop, seconded by Supervisor Smart, to adopt a Resolution levying the basic tax rate for the fiscal year 1957-58 at $2.05 and also adopting the Preliminary County Budget as the Final County Budget for the fiscal year 1957-58. Upon a roll call ballot, a unanimous vote was recorded.

After a short discussion, a Resolution was presented to the Board by the Deputy District Attorney relative to the County entering into contract with the California Physicians Service for the participation of the California Physicians Service on the medical care programs. A motion was made by Supervisor Robinson, seconded by Supervisor Bishop, to adopt the Resolution as presented by the Deputy District Attorney. Upon a roll call ballot, a unanimous vote was recorded.

After a discussion by the County Expert, Mr. Brunker, the County Auditor, and the Board, a motion was made by Supervisor Smart, seconded by Supervisor Robinson, and passed unanimously, to adopt a Directive relative to the establishment of purchasing procedures for all County Departments and the regulations that apply toward requisitioning of all supplies and equipment. The Clerk of the Board was instructed to reproduce the Directive and to see that each Department Head received a certified copy thereof.

A discussion was held with Mr. Harry Rhyud of the State Division of Highways relative to the Tyler-Footes road project. A motion was made by Supervisor Bishop, seconded by Supervisor Smart, to adopt a Resolution authorizing the construction and completion of a public road, namely, the Tyler-Footes road. Upon a roll call ballot, a unanimous vote was recorded.

A motion was made by Supervisor Bishop, seconded by Supervisor Smart, and passed unanimously, directing the Clerk to issue a Minute Order to Robert K. Graham, Road Commissioner, directing the said Road Commissioner to investigate the feasibility of entering into Contract with Placer County relative to the completion of the Brockway Road, and alos what FAS money is available for that project.

M. Melvin Brown of the Ready Springs Union School Board appeared before the Board to determine the Board's reaction to accepting the road from the old Spencerville road to the school site proper. After a discussion with the Board, the Chairman told Mr. Brown that undoubtedly the Board would accept the road after it has been inspected by Supervisor Robinson and the Road Commissioner, and if their recommendations are to accept the said road. Supervisor Robinson and the Road Commissioner are to report back to the Board on their findings at a later date.

The Deputy District Attorney presented the Board with a Resolution which authorized the Chairman to sign, on behalf of the County, an agreement of Lease with the New Verdi Mines Company dealing with the right of the County to take rock, sand, and rock material from the North Star Shaft Waste Dump of the New Verdi Mines Company. A motion was made by Supervisor Coughlan, seconded by Supervisor Bishop, to adopt the aforesaid Resolution. Upon a roll call ballot, a unanimous vote was recorded.

A motion was made by Supervisor Smart, seconded by Supervisor Bishop, and passed unanimously, directing the Clerk to issue a Minute Order to the County Auditor to pay the accrued pay of each employee upon their termination of employment without waiting until the first day of the following month.

At this time the Board adjourned for lunch to reconvene again at 1:30 P. M.

AFTERNOON SESSION

The Board reconvened at 1:55 P. M. and it was noted that all members were present.

This being the time heretofore set for the hearing of proposals for the adoption of a uniform sales tax ordinance, Admiral H. J. Ray appeared with a large delegation and acted as the spokesman for the Nevada City Council. Admiral Ray gave the views of the Council relative to a sales tax adoption. Mayor Richard Heather, acting as spokesman for the Grass Valley City Council, appeared before the Board and informed the Board that the City Council of Grass Valley agreed with the viewpoints as rendered by the Nevada City spokesman. Other speakers that were heard relative to the possible adoption of a sales tax were: John A. Walker, speaking for the Nevada County Farm Bureau, and G. Otis Ogden, a member of the Board of Directors of the Nevada County Taxpayers Association. It was mutually agreed upon that a committee should be appointed to discuss the matter further, said committee to consist of members of the Board of Supervisors, of each City Council, and some rural representation. After a discussion, it was agreed that the Chairman of the Board of Supervisors would appoint Supervisor Robinson and Supervisor Bishop, and that an invitation would be extended to the Nevada County Taxpayers Association, the Nevada County Farm Bureau, the Banner Mountain Grange, and the Rough & Ready Grange. It was further mutually decided that a preliminary meeting would be held on September 11 ,1957 at 7:30 P. M. in the Supervisors' Chambers in the Courthouse in Nevada City, and the Clerk was directed to notify the aforesaid interested persons.

At the request of Mr. Harry Rhyud of the State Division of Highways, a motion was made by Supervisor Smart, seconded by Supervisor Bishop, to adopt a resolution and Certification relative to a right-of-way on Tyler-Footes road. Upon a roll call ballot, a unanimous vote was recorded.

The Road Department's Report having been gone over by the Board, was read, approved, and ordered filed.

There being no further business to come before the Board at this time, a motion was made, duly seconded ,and passed unanimously to adjourn Sine Die.

s| H. G. LOEHR
Chairman of the Board of Supervisors.

Clerk of the Board. s51t

Owners Protest High Water Level

While much of California is complaining it doesn't have enough water, property owners along the shoreline of Lake Tahoe claim they have too much.

The problem, considered at a meeting of the Joint California-Nevada Interstate Compact Commission at Meeks Bay last Wednesday, concerns a federal decree of 1944 which establishes releases of water from the lake into the Truckee River and permits the lake level to fluctuate between elevations of 6223 feet and 6,229.1 feet. The natural rim of the lake is about 6223 feet.

A number of property owners have called for a maximum legal limit at less than the 6,229.1 feet. The maximum has been reached few times and been approached only nine times in the past 15 years. However, damage to lakefront property, including obliteration of beaches, flooding of sanitary facilities and damage to boat docks and other structures, begins at about 6,228 feet.

Several witnesses at the hearing said the federal decree was concerned only with irrigation and power and not with any effect on the lake and lakefront itself.

Sen. Harold T. Johnson, who attended the session, said he would urge a new look be taken at the federal decree to determine if other storage facilities could not supply necessary water for the Washoe project. He was joined by Senator Swift Berry, who said that "if Nevada wants this water, let them spend money for storage facilities and leave Tahoe alone."

Gov. Charles Russell of Nevada and Lieut.-Gov. Harold J. Powers of California also were in attendance at the meeting.

Wolerts Leave Germany

Mr. and Mrs. Jack Wolert have left Hamburg, Germany to travel to France where they hope to find warmer weather. The local couple plans to spend this month there, then to England and sail for home from South Hampton the last of October. Wolert has been ill, according to his wife's letter and it is hoped the milder climate will benefit him.

HIGH SCHOOL BUSY WITH GRID SQUAD

by JOHN FIRPO

A squad of 30 hustlin' ballplayers turned out to officially open the 1957 football season at Tahoe-Truckee High School. Coach Drakulich and Assistant Minor Rootes were working with a dozen boys over the vacation but the real turnout was not until last Tuesday.

The Wolverines will be without the services of Kit Schull, Phil Rausch, and Floyd Cooper, who were great assets to the team and will be missed.

The '57 schedule is one of the toughest yet in Tahoe-Truckee history. The Wolverine squad will play five at home and four away. Coach Drakulich states that this year's squad has some experience along with a few first year men.

Drakulich has been working with the backs while Rootes has been taking the line. The TnT squad will get their first test on September 13 against the Yerington Lions. Game time is 7:30 p.m.

Meanwhile the J.V. football players have taken up practice. The squad, which will be the school's first, is composed of 40 boys, three-fourths of them being frosh and sophomores. The J.V. will start their season September 28 against Roseville here at 2 p.m.

BOOKS GROUP WILL RESUME MEETINGS

Did Ophelia slip and fall into the brook or was she pushed?

This and other questions will be discussed when Mesdames Hilda Hintz and Phyllis Snyder lead a discussion of Shakespeare's Hamlet at the opening meeing of the Great Books Discussion Group—Wednesday evening, September 11.

The Great Books Discussion technique originated in the classroom of the University of Chicago more than a decade ago. From that beginning it soon spread to the community and has grown in popularity throughout the country. It has had a good representation in the Tahoe-Truckee district since the local group first met in February.

The group meets the second and fourth Wednesdays of the month. Newcomers to the communities of the area are cordially invited to attend and participate.

This first meeting of the season will be held in the library of the high school, in Truckee, beginning at 8 p.m. Refreshments will be served.

PRIORITY GIVEN TO PLANNING AT LAKE

AUBURN—The county planning commission has designated Lake Tahoe and Folsom Lake as priority planning areas and asked Planning Director Mazy Salter to concentrate activities in those areas.

Included in the Lake Tahoe district is Squaw Valley, Placer County, which is being developed for the 1960 Winter Olympic Games.

Planning Commissioner Chester Gibbs said the priority will allow the county to complete surveys, hold public hearings and establish precise building zoning in the two areas.

Both lake districts are considered by the commissioners to be the fastest growing areas of the county.

In other action the commission approved subdivision maps for Alpine Meadows No. 2 near Colfax, Placer County; Ridgewood No. 2 near Carnelian Bay, Lake Tahoe; Forest Glen and Winding Creek in Squaw Valley; and Agate Bay Uplands at Lake Tahoe.

Has Operation—

Miss Ginger Reynolds, daughter of Mr. and Mrs. B. W. Reynolds, underwent a tonsilectomy at the Tahoe Forest Hospital Saturday.

YOU WAITING FOR SOMEONE, CHAMP? YOU'VE BEEN HERE FOR TWO HOURS!

GOSH, OFFICER — I HAD NO IDEA IT WAS THAT LATE!

SOMETHING MUST HAVE HAPPENED TO RUTH — OR SHE WOULD HAVE BEEN HERE.

RUTH — ARE YOU ALL RIGHT?? ANSWER ME... PLEASE!!

AH — CURLY KAYOE! I EXPECTED YOU... COME IN!

WHERE IS SHE... WHAT HAS HAPPENED TO RUTH?

HER MOST SERENE HIGHNESS, PRINCESS RUTH, HAS GONE BACK TO SANTA CARLO!

RUTH... A PRINCESS?

YES! IT WOULD HAVE BEEN CATASTROPHIC IF THE PRINCESS HAD MARRIED A COMMONER! HER SERENE HIGHNESS ASKED ME TO GIVE THIS NOTE TO YOU!

Dear Curly,

I tried to run away from my duty and heritage until I realized it would be unfair to the people who have been so loyal to my family for many generations.

I shall always cherish the happiness you gave me — but I must sacrifice my personal feelings for my people.

Good bye, forever — now you know the truth about

Ruth

CURLY HAS BEEN BROODING ALL WEEK!

YOU'D BETTER GET HIM A BOUT QUICK, WINDY.

NOTHIN' DOIN'! THIS IS NOT TH' TIME T' RISK TH' TITLE... BUT I KNOW JUST HOW T' CHEER HIM UP!
